Party details in Cash/POS Sales Register

Introduction

Many a times you record sales/POS transaction with one time customer. Now, for such customers it is not feasible to create a party master. You also want to view details of such one-time customers to formulate your CRM and other marketing activities.

With this add-on you can capture customer contact details in the cash & POS transactions. Also the report would be available for the details.

> **Important**!
>
> As a best practice it is advisable to take back up your company data before installing the Add-on
