Image in Stock Item Master

Introduction

An image of the stock item is helpful in identifying it correctly. This add-on gives you the facility to add the image of the item in the Stock Item Master.

Important!

As a best practice it is advisable to take back up your company data before installing the Add-on

Quick Setup Guide

Usage:

Gateway of Tally → Inventory Info → Create/Alter → Image Path

Note: The size of the image should be 2" X 3". The format can be in .JPEG or .BMP

Once the image path is given, the image will be displayed in the item master as shown below
